Kentucky Virtual Library Services

Open seven days a week, 24 hours a day, the Kentucky Virtual Library (KYVL) provides resources for K-12 students, librarians, and educators, college and university faculty, and adult education educators and learners. KYVL acts as the hub of a consortium which serves all public universities and colleges, public K-12 schools, public libraries, over 30 independent colleges and universities, and various private K-12 schools and libraries across the state. KYVL supports the lifelong learning for all Kentuckians.

Consider us another part of your library.

KYVL provides a core collection of digital information resources as a supplement to college, university and special libraries across the state. We strive for equitable access to quality library and information resources for all Kentuckians. We see ourselves as partners to Kentucky's educational institutions and are here to support information literacy and lifelong learning.

Library Catalogs – The electronic catalogs will tell you which Kentucky libraries own the material you need.

How to do Research Tutorial – Learn how to use the Internet to conduct effective research, improve your information literacy skills, learn how to cite sources, and much more. This self-paced tutorial includes quizzes so you can measure your progress.

Digitized Historic Materials Collection – The Kentuckiana Digital Library provides a searchable database of finding aids, photographs, diaries, letters, and more from special collections and archives in libraries across Kentucky. Check out the site, where you can hear former governor A.B. "Happy" Chandler being interviewed on Jackie Robinson's historic step into major league baseball.

Virtual Reference Desk – The best Web information resources available are found at KYVL's Virtual Reference Desk, including almanacs, dictionaries, telephone directories, statistical sources, homework helpers, book reviews, and more. KYVL provides selected annotated links to Web sites in all subject areas.

Kentucky Statistics – KYVL links to Web sites that provide statistical information about the state of Kentucky.

Databases available through KYVL include, but are not limited to:

- **Academic Search Premier** - 8,176 publications, with full text for nearly 4,700 titles
- **Business Search Premier** - indexing and abstracts for the 350 most important scholarly business journals back to 1965 or the first published issue.

Scope of Master Agreement

The purpose of this Master Agreement is to establish a Master Agreement to provide electronic indexes, abstract, and full-text databases in a broad coverage of disciplines for providers and users of the Kentucky Virtual Library (KYVL).

On an annual basis, the KYVL will determine what databases, if any, will be acquired from the Master Agreement for these services. The determination to license a database that is on the Master Agreement will be based upon customer demand for types of databases, value of the database to the KYVL, and available budget and financial participation from library partners.

KYVL members have access to the core collection of databases for which KYVL Master Agreements and may offer access to their users. In addition to the core database collection, each library, member, or community also has the option to purchase access and negotiate licensing requirements, etc. to additional databases of its choice from vendors who have received a Master Agreement. KYVL members expect to also negotiate additional discounts based upon other products purchased from the same vendor or for other reasons agreed upon by both parties. KYVL members may also request additional training required beyond the KYVL master agreement minimums, as needed, and members would be responsible for additional costs to be negotiated with each vendor.
